

Backgrounder

Blendtek is a premier food ingredients and solutions company with a mission to challenge expectations and help fuel food innovation globally. By 2050, the world's population will increase by two billion requiring a 70 per cent increase in food production without the additional land or natural resources available to do so.

As a trusted source for innovators in food manufacturing, Blendtek supplies high quality ingredients and solutions ranging from the basics to the inspired such as alternative protein sources, natural extracts and sweeteners, gluten free products, organic products, functional food systems, proprietary blends and much more.

The company's portfolio of offerings includes conventional food ingredients, nutraceuticals, sports nutrition and natural food ingredients carefully selected from around the globe. In addition to specializing in high quality food ingredients, Blendtek also offers pharmaceutical, personal care and industrial packaging products to provide complete solutions and unparalleled customer experiences.

Our Journey

From organic to non GMO to locally sourced, people are demanding high quality foods that not only taste great but have functional benefits. Blendtek recognized this shift early and acquired the ingredient distribution division from Kissner Milling Co. in 2014.

With an experienced and entrepreneurial team at the helm, Blendtek is quickly becoming a disruptive force in the food industry across North America. Blendtek is based in Cambridge, Ontario which is part of the Toronto-Waterloo Corridor, a hub for emerging companies, talent and innovation. To follow our journey, please visit www.blendtek.com and follow on Twitter [@Blendtek_Inc](https://twitter.com/Blendtek_Inc).
